HOMEMADE BREAD
NOT LOST ART

A decade ago 4-H club girls took up baking as a serious project governed by rules and certain well-defined objectives spelled out by the Agricultural Extension Service.

It was then say state 4-H officials at Virginia Polytechnic Institute, that the demonstration aspect of good baking practices was launched as the national 4-H bread demonstration awards program. The awards were made possible by Standard Brands, Inc., and as the years passed enrollment grew and awards increased considerably.

Today, six national scholarships of $400 each are given to the highest ranking girls. Twelve will qualify for expense-paid trips to the National 4-H Club Congress in Chicago the last week in November.

The best two-girl team demonstration in the state, and the top individual demonstrator, have received $50 bonds. Virginia's top winners this year are: Vicky Beaton Nansemond county; Bonie Sue Martin, Chesterfield: and Madeline Sue Rouzie, King William.

Last year, Jane Mistr of Essex county was one of the 12 sectional bread demonseration winners in the nation to attend the National 4-H Congress.

Participation in the 4-H bread demonstration program last year increased by 23 per-cent over 1959 indicating that "homemade" bread is not a lost art.
